1. Information Reported to IRS that differs from the amounts shown on your return.

This section tells you specifically what income information IRS has received about you from others (including your employers, banks, mortgage holders, etc.). The information listed below does not match the information you listed on your tax return. Use this table to compare the data IRS has received from others to the information you listed on your tax return to understand where the discrepancy, or difference, occurred. To assist you in reviewing your income amounts, the table may include both reported and unreported amounts from the same payer.

If this information is correct, your tax increase is \$ 327 plus all applicable penalties, interest and payment adjustments such as federal tax withholding, excess social security tax withheld, etc. If you pay in full by June 10, 2009, you'll owe \$ 347.
